Financial Services and Credit Guide

How to Financial Plan
It is important that you read this Financial Services and Credit Guide (FSCG). It contains information that will help you decide whether to use any of the financial services I offer, as described in this guide, including:

- who I am and how I can be contacted
- the advice and services I can provide
- information about our licensee Charter Financial Planning Limited (Charter)
- my fees and how I, and Charter, are paid in connection with those services
- how I manage your private information
- how you can complain about a matter relating to me or Charter

Documents you may receive

I will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. I may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When I provide personal advice it will normally be documented and provided to you in a Statement of Advice (SoA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products I may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits I and others, will receive as a result of the advice I have provided.

If I provide further personal advice, a financial plan may not be required. I will keep a record of any further personal advice I provide you for seven years. You may request a copy of such records by contacting our office during that period.

If I recommend or arrange a financial product for you, I will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Charter maintains an approved products and services list, which includes products issued by AMP companies and a diversified selection of approved Australian and International fund managers. These have been researched by external research houses as well as my in-house research team.

Charter periodically reviews these products to ensure that they remain competitive with similar products that address similar client needs and objectives. Generally, I recommend products that are on the approved products and services list. However, if appropriate for your needs, I may, subject to Charter’s approval, recommend other products.

A copy of the approved products and services list can be supplied to you upon request.

If I recommend a new platform or portfolio administration service, I use those issued or promoted by the AMP Group or as otherwise approved by Charter and where appropriate to your circumstances.

I am also a Credit Representative of Charter and am authorised to provide credit advice regarding how to structure debt, suitability of existing loan structures and repayment options. If you require advice involving mortgages or other lending products, I can refer you to an Accredited Mortgage Consultant.
Tax implications of our advice

Under the Tax Agent Services Act 2009, How to Financial Plan is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

Transaction services

If you do not require advice, I can also arrange for you to apply for limited types of financial products where I can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without my advice, I will ask you to confirm your instructions, which I will document in writing. You can ask me for a copy of this documentation at any time.

Your relationship with me and using my services

You can contact me directly with any instructions relating to your financial products. This includes giving me instructions by telephone, mail or email. I can only accept your instructions via email once you have signed an authority form.

I will work with you to agree what advice and services I will provide and when and how often I will provide them.

Where you agree to ongoing advice and services, the details will be documented and provided to you in a service agreement. This includes the frequency of contact between me, service standards that may apply, any ongoing fee arrangements and how the service can be terminated.

If at any time you wish to terminate your relationship with me, please contact me using the details shown in this Guide.

Providing information to me

It is important that I understand your circumstances and goals, so that I can provide you with appropriate advice and services. You have the right not to provide me with any personal information. Should you choose to withhold information, or if information you provide is inaccurate the advice or services I provide you may not be appropriate for you.

It is also important that you keep me up to date by informing me of any changes to your circumstances so I am able to determine if our advice continues to be appropriate.

Other benefits I may receive

The following is a list of benefits I may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives I am eligible for.

In addition to the payments I may receive for my advice and services, I may receive other support services. These can include financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation, and business performance.

I may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

Development, management and advice recognition

I may qualify to receive a DMA payment to recognise my growth and professionalism. The DMA is based on a rate, calculated once per year, and determined by my ranking relative to other Charter Financial Planning practices. Up to 50% of all Charter Financial Planning practices may qualify for
DMA payments. The relevant rate may range from 0% to 3.25%, depending on my ranking. It is then applied to my practice revenue of the prior year and paid to me in two instalments a year.

For example, if my DMA is set at 1% and my revenue for the prior year was $200,000, I would receive a total of $2,000 for that year, paid over two instalments.

**How my performance is ranked**

Ranking of practices is determined yearly by a points system which is a broad measure of the growth and professionalism of our practice as compared to other practices in the Charter Financial Planning network. The points system is based on a combination of factors within a balanced scorecard such as the quality of our services, compliance, our business goals and our engagement with our clients through a measure called Advice Growth Index (AGI). AGI measures the value of our fee for service revenue and the change in our clients’ product holdings over the prior measurement period (usually a period of approximately 12 months).

**Value participation scheme**

AMP will provide us a payment based on the total in force annual premiums on some AMP insurance products and funds under management in some AMP wealth management products. The amount paid is based on the following:

- A tiered rate of up to 3% is applied incrementally to total premiums on some AMP insurance products. For example, if a client takes out a qualifying AMP insurance policy with an annual premium of $3,000, we may receive an annual payment of up to $90 in respect of that policy, with the rate applied dependent on the total combined premiums from all qualifying AMP insurance products.

- A tiered rate of up to 0.25% is applied incrementally to the total funds under management in qualifying AMP wealth management products. For example, if an existing client with a qualifying AMP wealth product invests a further $40,000 into that product, we may receive up to $100 in respect of that specific investment, with the rate applied dependent on the total qualifying funds under management.

From 1 July 2014, all investments in AMP wealth management products by new clients have been excluded from the scheme.

**Certified quality advice program**

On meeting eligibility criteria and gaining access into the program, we may be eligible for discounts on practice fees, as well as an increased purchase price under the buyout option. Eligibility is assessed on professional operations and processes, high quality advice standards and education.

**Buyout option**

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

**Personal and professional development**

Charter provides personal and professional development opportunities in the form of a multi-tiered development program, offered annually to qualifying practices.

**Summit**

The Summit is a national convention available to advisers from all Charter practices. Charter subsidises the expenses of those who attend the convention up to a maximum value of $1,200 per annum per practice.

**Charter Leaders program**

Certain practices that meet the qualification criteria on an annual basis will be eligible to participate in the Charter Leaders program, a set of personal and professional development programs organised by Charter. The qualification criteria is based on a combination of factors including the quality of my services, business goals and my ranking against other practices in Charter. If a practice qualifies for the Charter Leaders program, Charter will subsidise the cost of their participation up to a maximum value of $10,000 per annum per practice.
Business support
I might receive financial assistance including subsidies or reimbursements for accounting, legal and bank fees; marketing or other once-off transitional support costs, to help me grow my business or implement appropriate succession planning options.

Placement fees
From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of securities (such as shares and rights issues). The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. I may share in this fee based on the level of participation by my clients.
Relationships and associations

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.
